AlumaKneel Aluminum Pew and Chair Kneeler

*Craftsmen of Fine Furniture
70 Years of Quality*

- Frames of lightweight aluminum, finished in a color of your choice.
- Kneelers pivot quietly on nylon bearings.
- Pads are mounted on 5/8" plywood with 1 1/4" high density poly-foam, covered with a choice of color from a nice selection of innovative vinyls.
- Supports are set back from end for maximum comfort and foot room.
- Supports have large rubber feet—will not dig into floor or carpet.
- Kneelers, when up, rest on a rubber bumper integrated into the kneeler bracket.
- Kneeler, when up, is easily cleaned or vacuumed under.
- Due to a large selection of styles, arms, brackets and hardware, kneelers can be installed on any pew regardless of age or style.

AlumaKneel Aluminum Pew and Chair Kneeler

Craftsmen of Fine Furniture For Over 70 Years

Steel pivot pins embedded into kneeler bracket.

Kneeler bracket machined from 1" solid aluminum stock for superior strength and durability.

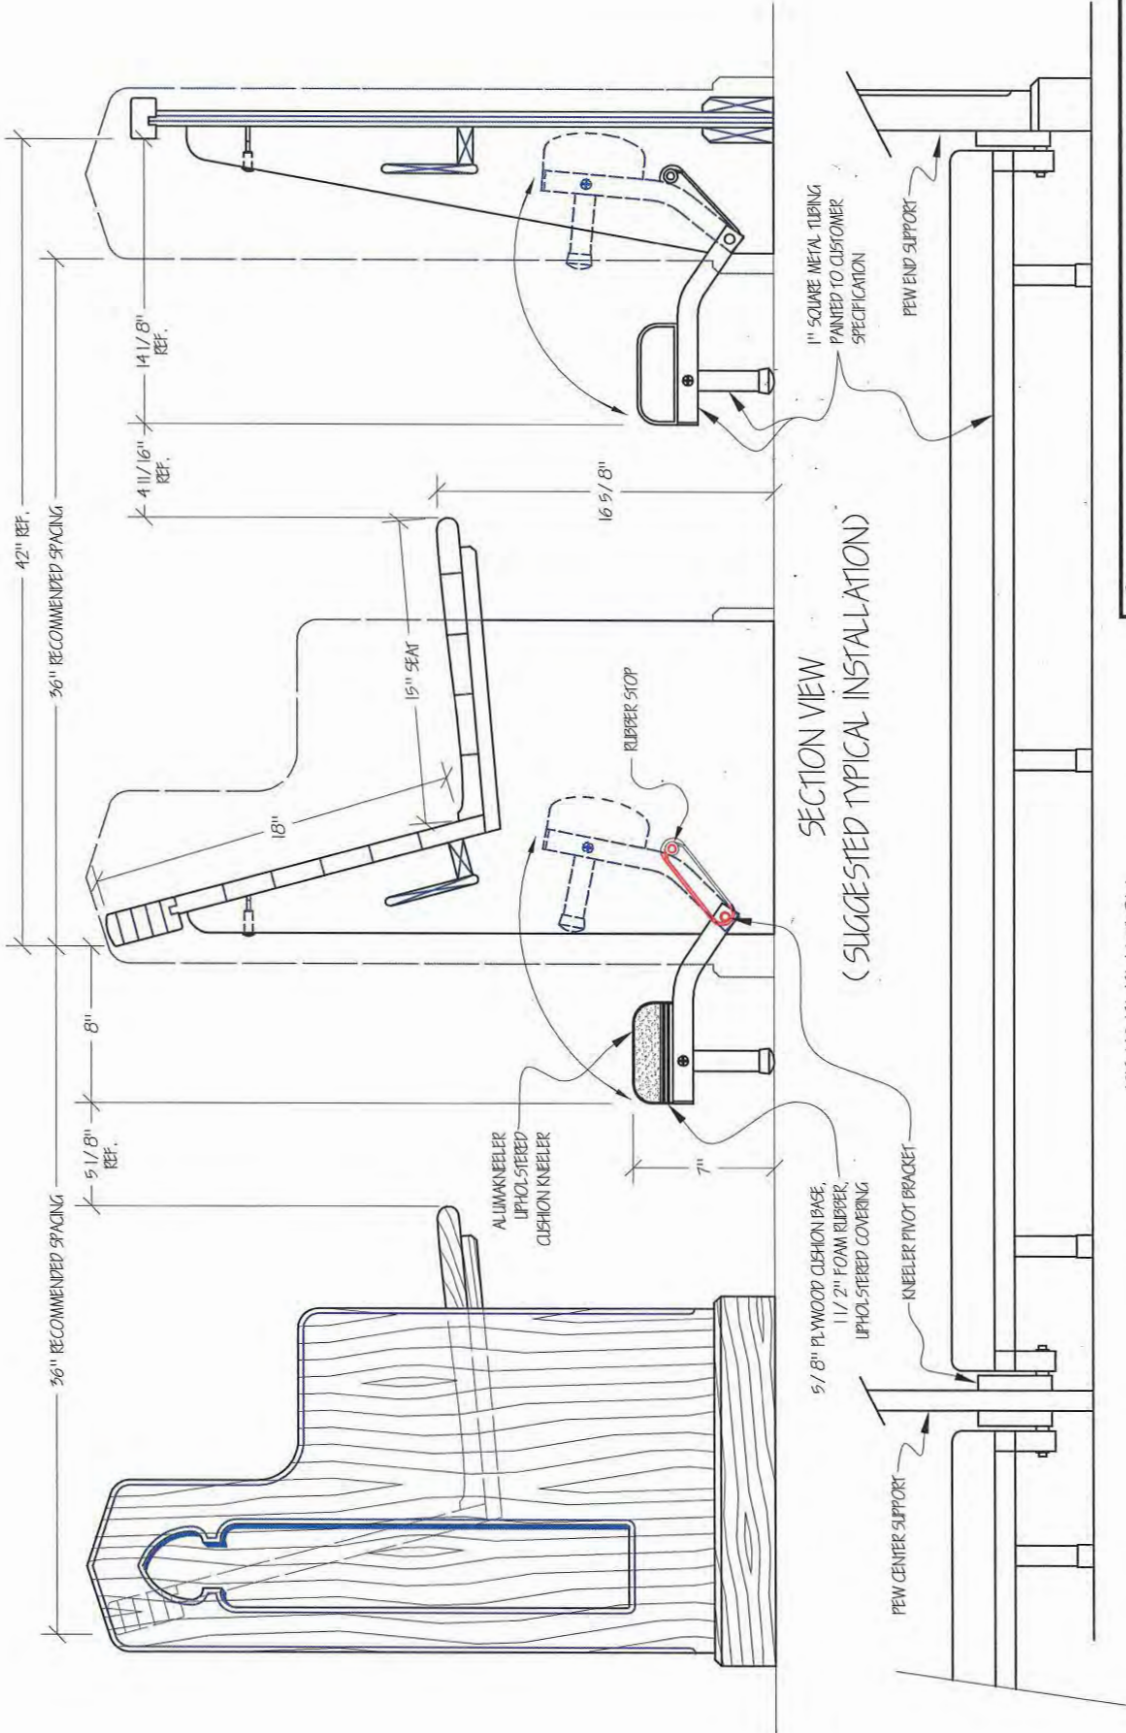

Bracket finished with choice of colors in industrial strength powder coat finish.

Heavy duty rubber silencer attached to steel resting pin.

AlumaKneel Aluminum Kneelers provide churches with a lightweight alternative to traditional wood and metal frame kneelers. Our kneelers are built from high grade 1" square aluminum tubing, providing a lightweight frame without sacrificing strength and durability. The same 1" tubing is used for the kneeler legs and arms, there is no plastic or pot metal die cast parts used, this helps to ensure that no cracking or or breaking occurs. The use of 1" tubing also provides a sleek kneeler design.

Our deluxe AlumaKneel kneelers are attached to the pew using a 1/2" thick kneeler bracket. The kneeler bracket is machined from 1" thick aluminum stock, as opposed to the use of a pot metal die cast method. This material choice eliminates the likelihood of the kneeler bracket warping or breaking over time.

Call Ratigan-Schottler today and we will provide you with a proposal for a new installation or replacement. If desired, a sales representative can also provide your committee with a presentation at your convenience.
